## We Design, You Shine.

At Zena M. Creative Studio, we transform ideas into powerful visual experiences through creative design, branding, video editing, website design, and digital storytelling. Our work combines creativity, strategy, and modern design principles to help brands stand out and connect with their audience. Every project we create reflects professionalism, innovation, and a passion for visual excellence.

# ABOUT ME

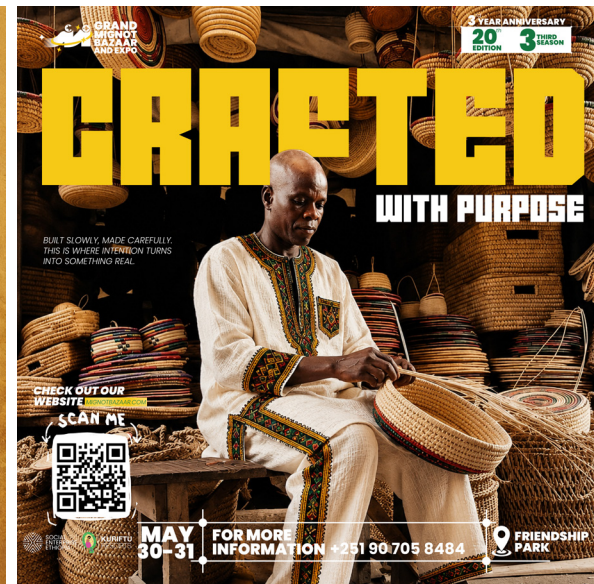

## We Design, You shine

Hi, I'm Zena Markos, founder of Zena M. Creative Studio. I'm a graphic designer who enjoys creating designs that are simple, creative, and meaningful. I work on branding, social media designs, websites, video editing, and other creative projects that help businesses and individuals stand out.

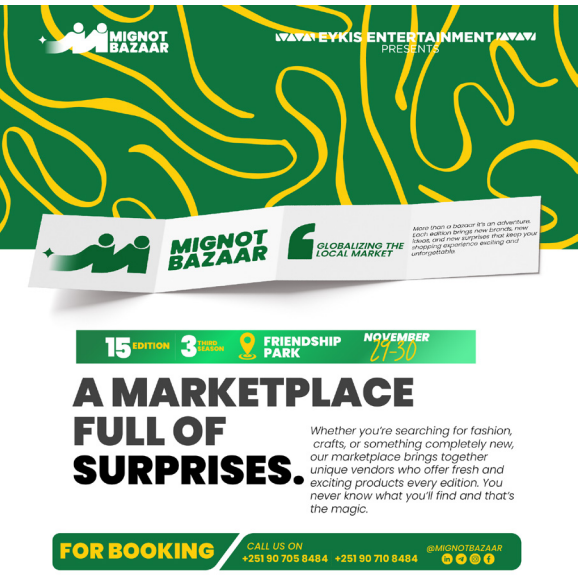

I like turning ideas into visuals that connect with people and tell a clear story. For me, good design is not just about making something look nice it's about creating something people can remember.

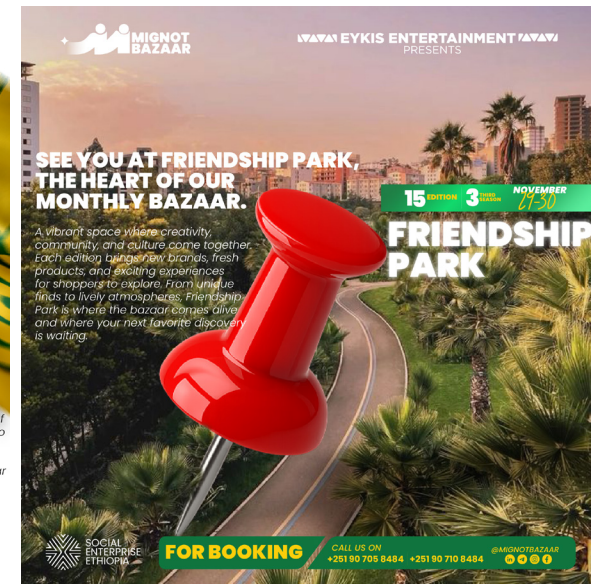

**COMING SOON**

# PLATE

Every plate tells a story.

Taste of Mignot is coming soon, serving a curated festival of taste, culture, and creative cooking.
